Malta Elementary Celebrates Fine Arts Week

Malta Elementary School students enjoyed a fun-filled Fine Arts Week under the direction of art teacher Christine Woywod in March. Students participated in numerous activities, including a field trip to see “High School Musical.” Students viewed demonstrations by guest artists and got to create their own masterpieces. Fifth grade students worked with Malta Elementary parents and visiting artists Terri Sandberg and Kris Stark to create ceramic instruments called ocarinas. Fourth grade students enjoyed working with local artist Allison Johnson, who runs Bliss Beads Studio in DeKalb. Johnson demonstrated how she makes flame worked glass beads. Third grade students were enthralled as they viewed photographs by Roger Kyler and learned about ways photography is used and how cameras work. In addition, the entire school was treated to a lively performance by the DeKalb High School Boys a Cappella Choir.
