DeKalb Student Artists Recognized

A DeKalb High School student and Wright Elementary student listen to Christine Woywod, art teacher at Wright, describe the Illinois Art Education Association Youth Art Month Poster. Both students had artwork chosen for the poster. Art educators throughout the state submitted over two hundred artworks by K-12 students to be considered for the honor. A panel of judges selected the final artworks for this poster at the fall 2006 IAEA conference. The students were recognized for their achievement at the March 6 DeKalb School Board meeting.
