### DeKalb High School Announces Illinois State Scholars

Forty-two students at DeKalb High School have been named 2006 State Scholars by the Illinois Student Assistance Commission (ISAC). The State Scholar program recognizes Illinois high school students for outstanding academic achievement.

“These students should be very proud of their accomplishments. The Commission congratulates them and wishes them the best as they continue their education,” said Larry E. Matejka, ISAC’s Executive Director.

Students who rank in the top ten percent of the state’s 139,500 high school graduating seniors have been named state scholars. Selection is based on SAT I and/or ACT test scores and/or the students’ class rank at the end of the junior year of high school.

“I am proud of the hard work and commitment exhibited by our 42 senior students who were recently named Illinois State Scholars, as well as their teachers,” said Dr. Lindsey Hall, principal. “DeKalb High School continues to offer numerous opportunities for learning and success both inside the classroom and in our wide range of extracurricular activities. The combined efforts of our students and our outstanding staff make DHS an excellent place to prepare oneself for the future and for contributing positively to our global society.”
